

Pickleball at the Isles

Rick McGee

Verse 1

I made new friends today
On a dink and drink Monday
There was competitive play
But mostly a social day
We celebrated birthdays
I could do this everyday
Put your name on the board
And join a new group of four

Pre-Chorus

People from everywhere
Come to live and play here

Chorus

Pickleball at the Isles
Where you can chill for awhile
Until your opponent scores
And you hear, that was yours
You grab the ball, shine a grin
Your partner says let's get the win
Then she shows a beaming smile
That's pickleball at the Isles

Verse 2

You can lob into the wind
Or, hit a drop shot in
Have a soft game with spin
A drive can lead you in
If you want satisfaction
And fast paced interaction
You'll find it in the kitchen
That's where you'll get the win

Pre Chorus

Yeah, you just gotta own
That non volley zone

Repeat Chorus

Instrumental

Verse 3

Right now it's all the rage
A whole new way to engage
At the Isles we love to play
Some of us, every day
Hitting a plastic ball with holes
Has reached deep into our souls
Didn't expect to feel this way
I'll miss it when I'm away

Pre-Chorus

I have a whole new reason
To get back here next season

Repeat Chorus

Tag

Yeah, that's Pickleball at the Isles
Always makes me smile
