

Tomorrow Is Moving On

Rick McGee

Verse 1

Sometimes in our youth
We can move too fast
Running to what's next
Or away from our past
We live for today
With life-long friends
Who we seldom see
Until we're home again

Pre-Chorus 1

Our souls are shaped
By the values we're given
So many tomorrows ahead
Let's get on with living

Chorus 1

Let me use given time
To etch stories in my mind
Destined days to reflect
On the life that I've spent
Will you help me find
The spirit inside
To guide my ride

Verse 2

When we're adults
Our burdens grow
We plant some seeds
Sing to the radio
We see ourselves
In daughters and sons
Too busy to notice
Tomorrow moving on

Pre-Chorus 2

Yesterday didn't last
Tomorrow's on the run
We let go of our past
Ready to ride on

Repeat Chorus

Instrumental

Verse 3

Let's raise the tempo
One more story to reverse
Shine our final glow
Without any fear
Ahead is the finish line
Thank you for the time
Just one more day
If you don't mind

Pre-Chorus 3

Another fine day
For peace of mind
Just one more ride
So many yesterdays behind

Last Chorus
